Queen size bed sheets measurements

Bed 3/4 is a shortened way of telling a bed with three fourths, or a bed 48 inches wide and 75 inches long, according to banter expert Pro. The bed is three-quarters the width of a full-size bed. Although beds measuring three-fourths are not made in modern times, they have been common in the past, and many vintage beds of this size. The size works well in small rooms when the desired bed is larger than a twin. Because vintage beds were often handmade, measurements tended to vary by a few inches. All measurements should be checked before ordering non-standard bedding or mattresses to make sure that the ordered product fits a specific bed with three fourths. The queen-size sheets are larger than for a mattress with a double bed, so they can completely cover the mattress. However, their larger size can lead to a free landing. The queen-size beds are 60 inches wide and 80 inches long. The double beds, also called full-size beds, are slightly smaller by 54 inches wide and 75 inches long. A flat queen-size sheet can fit on any smaller bed, as it can be refilled. However, the bedded sheets are best suited to the specific size of the mattress provided on the label.
